

Information Security Management System Policy Statement

Elmo Motion Control is a leading manufacturer of innovative motion control technologies, with over 30 years of experience and millions of servo drives operating worldwide in every industry.

Elmo, as a manufacturer and developer of servo drives, controllers, and integrated motors, designs its technology with emphasis on performance, efficiency, reliability, safety, and agility.

With this statement, the management and all employees are committed to aligning with the Information Security Management System in accordance with its strategic business objectives.

To that end, Elmo Motion Control shall:

- Establish controls for protecting Elmo Motion Control's Information against theft, abuse and other forms of harm and loss.
- Creating a better market image as a company that handles its customer's information.
- Reducing the damage caused by potential incidents.
- Protect Elmo Motion Control's Information from internal or external threats, deliberate or accidental.
- Enable secure Elmo Motion Control's Information sharing.
- Encourage consistent and professional use of Elmo Motion Control's Information.
- Ensure that everyone is clear about their roles in using and protecting Elmo Motion Control's Information.
- The continuity of key services and the supporting critical activities will be assured.
- Protect the organization from legal liability and the inappropriate use of its Information.
- Comply with various regulations regarding data protection, privacy, and IT governance.
- Lower the Elmo Motion Control expenses caused by incidents.
- Ensure the protection of personal data (privacy).

The Management of Elmo Motion Control is committed to the Information Security Management System and shall ensure that this policy is communicated and understood at all levels of the organization.

Chief Executive Officer,

Haim Monhait
